

JULIUS MONSON S. PINEDA

Block 45E Lot 5 Phase 3 E-2, Brgy Longos, Malabon City · +639154168185
pinedajulius023@gmail.com · github.com/jvlzdev

I would like to contribute to your organization as a senior react.js developer, leveraging my ability to develop websites and web applications using readily available web frameworks. With my passion for learning, I will be able to take part in empowering your team with my coding expertise.

PROFESSIONAL EXPERIENCE

OCTOBER 16, 2022 – PRESENT

SENIOR DEVELOPER, ATOS

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, TypeScript, Hooks, Material UI, AntDesign, Custom Libraries, and standard HTML/CSS practices.
- Process data (REST API) from various back-end services (Java Spring Boot) and database (MongoDB/MySQL workbench)
- Git, Git flow, Postman, Jest (Unit testing), and Cypress (E2E testing)

JUNE 01, 2022 – OCTOBER 16, 2022

SENIOR APPLICATION DEVELOPER, ACCENTURE

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, Hooks, Design System React (Salesforce), Custom Libraries, and standard HTML/CSS practices.
- Process data (REST API) from various back-end services (Service Now/AWS)
- Git, Git flow, Postman, Swagger API, Jest (Unit testing), Cucumber (BDD testing), and Cypress (E2E testing)

JULY 13, 2020 – MAY 31, 2022

APPLICATION DEVELOPER, ACCENTURE

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, Hooks, Redux, TypeScript, Custom Libraries, and standard HTML/CSS/SCSS practices.
- Process data (REST API) from various back-end services (Node JS/AWS)
- Git, Swagger API, Postman, Jest/React Testing Library (Unit testing), and Cypress (E2E testing)

MAY 11, 2020 – JULY 03, 2020

JAVASCRIPT DEVELOPER, ACHIEVE WITHOUT BORDERS

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, Redux, Material UI, and standard HTML/CSS practices.
- Process data (REST API) from various back-end services (Node JS) and database (NoSQL)
- Git, GitLab, Swagger API, and Cypress (E2E testing)

MARCH 22, 2020 – MAY 08, 2020

WEB DEVELOPER, LGU - FREELANCE

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, Material UI and standard HTML/CSS practices.
- Process data (REST API) from various back-end services (Node JS) and database (NoSQL)
- Git, GitLab, and Postman

SEPTEMBER 11, 2019 – MARCH 11, 2020

WEB DEVELOPER, UNIONBANK OF THE PHILIPPINES

- Writing well-designed, testable, efficient code by using best software practices.
- Creating web applications layout/user interfaces by using React, Redux, Material UI and standard HTML/CSS practices.
- Process data (REST API) from various back-end services (Node JS) and database (MySQL)
- Git, GitLab, and Postman

JANUARY 07, 2019 – APRIL 26, 2019

GRAPHIC ARTIST, PERSONIV MANILA

Redesigned the existing advertisement layouts in the yellow page book by using Adobe Illustrator and Adobe Photoshop.

JUNE 12, 2018 – JANUARY 06, 2019

WEB DESIGNER, PERSONIV MANILA

- Creating a mockup design for the customer needs to show on their website by using Adobe Photoshop and Adobe Illustrator.
- Developed business websites and apply the mockup design by using Website Builder like Duda and Wordpress.

EDUCATION

APRIL 2019 - JULY 2019

THREE MONTHS INTENSIVE TRAINING COURSE, ZUITT CODING BOOTCAMP

3F GEMPC Building, No. 132 Timog Avenue, Sacred Heart, Quezon City.

NOVEMBER 2013 - APRIL 2018

BS IN INFORMATION TECHNOLOGY, MANILA CENTRAL UNIVERSITY

Caloocan City, Metro Manila.

SKILLS

- Frontend: HTML5, CSS, SCSS, Bootstrap, Styled Component, Design System React, Material UI, and Ant Design
- Databases: NoSQL MongoDB, PostgreSQL, MySQL, MariaDB (Apache)
- Scripting Languages: PHP, JavaScript, Node JS
- Frameworks: React Js, Laravel, Express,
- React Redux/React Hooks
- LAMP stack development (Laravel, Apache, MySQL, PHP)
- React Native (Trained)
- Ionic Framework (Trained)
- Angular (Trained)
- Test API: Postman
- Version Tool: Git/Git flow

- TypeScript
- API: Fetch, Axios, Rest API, JWT API, PHP Mailer and Stripe API
- MERN stack development (MongoDB, Express, React JS, Node JS)
- Operating System: Windows, familiar in Ubuntu and Linux
- Platform: Github, Gitlab, Netlify, Heroku Cloud application
- SDLC Phases: Development, Test, Deploy

CERTIFICATIONS

CERTIFICATE OF COMPLETION - UDEMY, IONIC FRAMEWORK

TITLE: IONIC FRAMEWORK – FULL COURSE

PROVIDED: ACCENTURE COMPANY

CERTIFICATE OF COMPLETION - UDEMY, ANGULAR FRAMEWORK

TITLE: ANGULAR FRAMEWORK – FULL COURSE

PROVIDED: ACCENTURE COMPANY

CERTIFICATE OF COMPLETION - UDEMY, NODE JS FRAMEWORK

TITLE: NODE JS FRAMEWORK – FULL COURSE

PROVIDED: ACCENTURE COMPANY

CERTIFICATE OF PARTICIPATION

Author: “Human Body System: An Exploration Game”

Event: 5th PSITE-NCR Research Symposium

Theme: 5th “Innovating the next IT revolution”

University of Santo Tomas, Espana, Manila, March 16, 2018

CERTIFICATE OF ATTENDANCE

Python and Virtual Reality

Theme: “IT Talknology”

Computer Lab 1, CBA Building, Manila Central University, Caloocan City, February 14, 2018

CERTIFICATE OF ATTENDANCE

7th Information Technology Congress

Topic: “RaspberryPi, Business Analytics, Ethical Hacking, Adobe Animate”

Theme: “Transforming Filipinos as ICT-Enabled Citizens”

Tanghalang Pasigueno, Pasig City August 29, 2016

CERTIFICATE OF ATTENDANCE

Youth For Information Technology

Theme: “Engineer A Better Future”

SMX Convention Center Manila, Mall of Asia Complex, Pasay City September 28, 2016

CERTIFICATE OF ATTENDANCE

International Business Machines

Theme: “IBM Bluemix Cloud Computing Seminar & Workshop”

Computer Lab 3, CBA Building, Manila Central University, Caloocan City June 24, 2015

CERTIFICATE OF PARTICIPATION

Mozilla Firefox Philippines

Theme: “MozTour Seminar & Firefox OS Workshop”

Computer Lab 3, CBA Building, Manila Central University, Caloocan City July 4, 2015

MEMBERSHIP

- Member, College of Business and Technology Student Council – 2016
Manila Central University

REFERENCE HISTORY

- **Sylvan Cahilog** – IT Instructor (Zuitt Coding Bootcamp)
3F GEMPC Building, No. 132 Timog Avenue,
Sacred Heart, Quezon City.
- **Moises Baguisa** – Supervisor from Creative Services (Personiv Manila)
6th Floor Aeon Center Bldg., North Bridgeway,
Northgate Cyberzone, Alabang, Muntinlupa
- **Renell Barrios** – Supervisor from Web Design (Personiv Manila)
6th Floor Aeon Center Bldg., North Bridgeway,
Northgate Cyberzone, Alabang, Muntinlupa
